CAYIN – Digital Signage

Convey Instant and Media-rich Messages

Supports a variety of multimedia formats including 4K HDMI video, YouTube Video, Flash® animation, HTML5 web page, image, music, and text ticker.

Easy-to-Use Template Creation in Two Ways

Offers web-based Skin Editor for a drag-and-drop operation to define the size and the location of each zone directly on SMP players.

CAYIN - Digital Signage

3 Playback Modes for All Occasions and Applications

Divide the screen into several zones, each media assigned with independent schedules and settings.
2 Viewing Modes for Playback Scheduling: Calendar and Timetable

Flexible scheduling via built-in calendar.

CAYIN - Digital Signage

Built-in Firewall for Security

Administrators will not only able to prevent hazards from the internet, but also manage SMP players within a secure LAN.
